Alex Shalaiev

Principal Software Engineer
Munich, Bavaria, Germany

Summary

I am a highly skilled and experienced technology leader with
over 10+ years of experience in the industry. I have a strong
background in software development, system architecture, and
project management, and have a proven track record of delivering
innovative and high-quality technology solutions. I have a deep
understanding of current and emerging technologies and have
a keen ability to identify and leverage new technologies to drive
business growth. I am a strategic thinker, problem solver, and
effective communicator, with the ability to build and lead high-
performing teams.
